

Important Update: Afterschool Program Location & Enrollment Changes

Due to upcoming construction in the school district buildings, our afterschool program will be relocated to the Galena ARC for the upcoming school year. As a result of this change and space limitations at the ARC, we will need to cap enrollment at 19 students.

Priority for available spots will be given to students who are registered for 5 days a week. Once all 5-day registrations have been processed, any remaining spots will be filled on a first-come, first-served basis.

We are committed to serving as many families as possible and will do our best to creatively match schedules. For example, a student attending on Mondays and Wednesdays may be paired with another attending on Tuesdays and Thursdays to share a single spot.

SIP/No-School Day Registration (not including Spring Break + Christmas)

SIP/No-School days will also be limited to 19 spots. If you register for all SIP/No-School days at the beginning of the year, your child will be guaranteed a spot on those days, and you will be billed for them as they occur.

If you choose not to register for SIP/No-School days in advance but later need care on one or more of those dates, you must notify us at least one week in advance. In that case, your child will only be able to attend if there is an available spot. If you notify us that your child will attend and they do not show up, you will be billed.

We appreciate your understanding and flexibility as we work to accommodate as many families as possible. Please reach out with any questions.
