LESSON POLICY

Refunds will be given for cancellations up to 14 days before the first scheduled lesson. Parents/guardians may accompany children until they are accepted by the lesson coordinator. Parents will not be permitted to remain in the pool area unless by special permission. The City of Galena is not responsible for those remaining in the pool area who are not participating or assigned to a class. Lessons will be provided regardless of weather. In the case of cool or inclement weather, we will have an in-service safety day. Parental discretion may be used regarding attendance. There are no make up lessons. The City of Galena has the right to modify these policies as necessary.

Swimming Lessons

LESSON INFORMATION

- ✓ ONLINE REGISTRATION at www.galenapool.com begins Tuesday, May 2 at 10 AM and is available all summer long. We will NOT be hosting an in-person registration night, but you may come to City Hall during normal business hours (8 AM-4:30 PM) if you prefer to register in person. If you need phone assistance, please call 815-777-1050.
- ✓ We are glad to help you with your student's records and what level to register for. Call 815-777-1050 or email hdickerson@cityofgalena.org.
- ✓ We test students frequently and potentially move them to appropriate classes based on current skill level.
- ✓ Rain days are not rescheduled. Lessons are only cancelled if severe weather is occurring or imminent.
- ✓ Refunds will be given for cancellations up to 14 days before the first scheduled lesson.
- ✓ Classes are subject to change depending on the number of registrations.

PARENT-CHILD AQUATICS (To be determined)

- ✓ At least six infants (6 months to 2 years of age) must be registered for the session to proceed. Refunds will be given if the session is cancelled for too few participants.
- ✓ Each child must be accompanied in the water by a parent or guardian.

3-YEAR-OLD CHILD & PARENT AQUATICS (To be determined)

- ✓ At least six children (age 3 or older) must be registered for the session to proceed. Refunds will be given if the session is cancelled for too few participants.
- ✓ Each child must be accompanied in the water by a parent or guardian.
- ✓ Ideal to assist with acclimation to water while assisted by an adult.

ADULTS (To be determined)

- ✓ At least five adults must be registered for the session to proceed. Refunds will be given if the session is cancelled for too few participants.

AGES 4-17 (Four Sessions, each 10 days in length; no lessons and no make-up session July 4)

- ✓ Lessons are not cancelled due to rain or cold temperatures. Safety presentations will be conducted in the bath house. If you feel your child will not tolerate lessons on a cold day, we understand if you choose to keep them at home.
- ✓ Please register your child for the class they should be in based on previous lessons or ask the lessons coordinator for assistance. On the first day of lessons and throughout the lesson period, the instructor will be testing skill levels to make sure each student is in the appropriate class. Students may be moved to an appropriate level to best suit their skills based on teacher assessment.
- ✓ **FUN NIGHT:** *Fun Night is the last Friday night of each session, from 7 - 9 p.m.*

All immediate family members are invited to attend Fun Night, which provides an opportunity for children to demonstrate their acquired swimming skills. Children are permitted to bring inflatable devices into the pool during Fun Night. Passes for fun night will be distributed during lessons.

Preschool Aquatics Classes

The primary objective of Preschool Aquatics is to promote the developmentally appropriate learning of fundamental water safety and aquatic skills by young children about 4-5 years of age. The class is designed to orient young preschool children to the aquatic environment and to help them gain basic aquatic skills. It also helps children develop comfort in, on, and around the water. In this class, children will be tested and placed in either "Preschool Level 1" or "Preschool Level 2" class. Preschool Level 2 class is designed for preschool children who can already submerge and are working on basic swimming skills. (Occasionally, there may be 6-year-olds enrolled if they are unable to completely submerge and are fearful around water.)

Learn-to-Swim Program

The recommended minimum age for entry into the Learn-to-Swim program is about 6. However, 5-year-olds who can comfortably submerge may also enroll. American Red Cross "Learn-to-Swim" teaches aquatic and personal water safety skills in a logical progression. The objectives are to teach children to be safe in, on, and around the water and to swim well. The program consists of six levels. Participants in Level 1 re-oriented to the aquatic environment and gain some basic skills in each category. Throughout the levels, participants build on basic skills to learn various propulsive movements on the front, back, and side. As the levels increase, participants refine the different strokes and build endurance. Each level includes exit skills assessments that put together many of the skills learned in the level. Level 7 is a pre-Junior Lifeguarding class for students who have completed L6 but are too young for Junior Lifeguarding. Typically, students in Junior Lifeguarding are 14. They must be 15 to enroll in Lifeguarding.
